

## SMART INSOLVENCY SOLUTIONS

### MARK EVERINGHAM

STRATEGY  
IMPLEMENTATION  
MANAGER - RESTRUCTURE,  
Turnaround and Insolvency

Mark Everingham is a recognised top performer and has been working in insolvency since 2007. Mark is a Registered Liquidator and is highly skilled in working with all stakeholders to achieve the best outcomes for all parties.

During that time, he has been involved in appointments across various industries ranging from very small up to entities with multi-million-dollar turnovers. Mark's strong commercial business acumen provides deep insight into an organisation. He will canvas restructuring and turnaround as the first option and, when that is not viable applying his experience and knowledge in a Voluntary Administration or Liquidation.

### EDUCATION

- Certified Practising Accountant
- Member of the Australian Restructuring and Turnaround Association
- Registered Liquidator - Australia

### SPECIALIST SKILLS

- Corporate recovery & insolvency
- Turnaround management and restructuring
- Key stakeholder management
- Business investigations
- Expert Reports

### PROFESSIONAL EXPERIENCE

A sample of matters that Mark has managed are below:

- A franchiser with more than 50 franchisees and 50 landlords within a trading matter. The matter was a Voluntary Administration followed by DOCA. The DOCA was wholly effectuated successfully.
- A marine engineering business including dealing with staff and assets in three geological areas. The matter also had a large contract with a Federal Government agency which was negotiated with a successful outcome. Further reconciliation of complex legal structure.
- Negotiation between arguing shareholders in relation to a medical technology company.
- Receivership of an entity with debtors to be recovered and dividend paid to employees. Proceed with legal case to finalise matter.
- Voluntary Administration, trade on and ultimate sale of heavy manufacturing business in COVID period.
- Voluntary Administration and Liquidation of retail business with large online presence with some 16,500 creditors. Sale of business at better than market value. Investigation in relation to actions of related parties and recovery of same.
- Official Liquidation of a trustee company that had a solvent superannuation fund. Manage legal obligations in relation to transfer of superannuation fund to a new trustee.
- Voluntary Administration of a technology company that had designed a blockchain voting system. Sold business to new owners.
- Liquidation of financial services business with group of 10 related entities.
- Managing matter with director who was suffering dementia and had failed to complete 20 years of taxation returns.
- Involvement with international investigation and recovery of assets.
